

THREE

Young Car Barn Bandits are Hanged

H. VAN DINE WAS GAME TO THE LAST

Niedermeier Was Carried to the Gallows.

FIFTY POLICEMEN WERE BUSY

Keeping the Crowd Back from the Chicago Jail—Licking County Boy Last of Trio to Die.

Chicago, April 22.—The three car barn bandits Niedermeier, Marx and Vandine were hanged here today in the order named. Eight murders were committed by the youthful desperadoes and Niedermeier declared that he had killed five other men whose names he did not know.

Fifty policemen were necessary about the jail to keep the morbid crowd of thousands from the jail doors and street approaches.

At 10:26 the death march began and Niedermeier who refused or was unable to walk, was carried in a wheel chair. Niedermeier died first.

Marx dropped through the trap at 11:17 a. m. He walked to the gallows unassisted. He was dead in six minutes.

Vandine, whose family formerly lived in Licking county, Ohio, went through the trap at 11:15. He was game to the end.

At 10 o'clock Jailer Whitman notified the condemned men to get ready for the end. He announced that they would be hanged separately, and in the following order: Niedermeier, Marx and Vandine. The white dominos were placed on chairs on the scaffold, the nooses were adjusted. Chief Deputy Peters ordered the jury of physicians to take seats in front of the gallows. He instructed them how to conduct themselves in examining the bodies to see if life was extinct.

Delay was caused by Niedermeier's refusal to permit the guards to escort him to the scaffold. A thousand prisoners signalled the hour of execution by shouting "hats off." A shout warned those in the execution chamber of the approach of the condemned man. Guards and victim suddenly appeared from under the ceiling of the second tier of cells. Niedermeier was pale and trembling. The smile that was his facial characteristic seemed grimly out of place. The doomed man was quickly pushed into an upright position on the drop. Jailer Whitman strapped his arms and legs as a further precaution. The bandit's weakened condition made these preparations seem unnecessary, but his desperate nature excused the jailer's care. With deft hands the jailer threw the white domino over the man's shoulders. Next he adjusted the noose, slipping the knot under his ear. Without waiting an instant, the jailer stepped back and the drop fell. Convulsive movements of the body ensued. The physicians present announced that death was apparently from strangulation. Niedermeier refused to stand and was placed in a chair. The chair fell with the body. The drop fell at 10:28. For six minutes the body writhed and twisted. The doctors gathered around it and felt the pulse.

"The man is conscious," said one physician. "He realizes his condition. He may be too numb to feel physical pain, but his mind is not too clouded to know the solemn import of what is taking place. Conscience will follow in a few moments. When consciousness will cease and a few minutes later life will depart the body."

The fingers of the doctors felt a strong pulse on the wrist of the straggling man for fully five minutes. The beats then became weaker and more irregular momentarily, until they ceased in about nine minutes. After that there were occasional flutters that were barely perceptible until life was extinct.

Niedermeier died refusing to be converted to the church. He remained so stubborn in his convictions that the priests gave up in despair. He was too weak to offer much resistance and could not sit alone in the chair on the scaffold. He held his head erect to enable the jailer to place the noose. Then his head fell limply on his breast.

The body was cut down at 10:55. The jail physician said the neck was broken at the third cervical vertebrae. He was not asked the customary questions.

Despite his weakness the condemned man made his toilet, carefully resting after the exertion of donning each garment.

On leaving his cell Niedermeier saw several men watching him. He said: "Why don't you get those rubbernecks out of here?"

Niedermeier slept until 8:20 this morning. Jailer Whitman anticipated the unpleasant task of having to wake the condemned man to inform him to prepare for execution. As the jailer stood by the sleeping bandit undecided what to do, Niedermeier stirred, rolled on his back and opened his eyes, staring in the jailer's face. An instantaneous look of defiance and hatred filled the bandit's eyes.

"Well," he growled.

"It's nearly 9 o'clock, Pete. How do you feel?" the jailer said.

Niedermeier rose and turned his back to his executioner without making a reply. Whitman repeated the question and Niedermeier sullenly moved away from him.

"Is there anything you want, Pete?" asked the jailer.

"Yes—to be let alone."

Niedermeier's guards who spent the last night with him, one lying on his bed to guard against attempts to tear open the artery he opened in an attempt to commit suicide, another by his right arm and a third by his left arm to seize him in case of violence either against himself or others, respecting the bandit's request, began to gather his effects and otherwise prepare for his leave taking. Niedermeier assisted them. He picked up a prayer book that had been left by a priest and tossed it aside with an impatient gesture. He opened another book, read a paragraph and threw that aside. His breakfast consisting of berries, cream and vegetables, was served, and he ate in silence.

Marx was the next to die. He walked to the gallows and was dead in six minutes after the drop fell.

Vandine walked to the scaffold unaided. The drop fell at 11:15. He died as he had lived, game to the end.

The bodies of the murderers will be on exhibition at a local undertaker's shop through Monday. A small admission fee will be charged to help their families who are destitute.

Niedermeier, the leader, Vandine and Marx, the other car barn bandits, who are known to have committed eight murders and countless robberies, laid the penalty on the gallows today. In all the annals of crime, it is hard to match this trio for total absence of moral sense. Though beardless boys, they proved themselves soulless and pitiless monsters.

Niedermeier was guarded closely all night in order to prevent any further attempt at suicide.

He ate a sparing breakfast of strawberries and vegetables. Mme. Dunn, Vandine's sweetheart, arrived at the jail doors early and was admitted to the office. She left clean linen and a white silk spread. The garments were taken to Vandine's cell. He donned them, stopping in the act to feel the texture of the silk and to pull the loose threads from it. Then he resumed his seat by his bed and read his prayer book. After eating breakfast of strawberries, cream and eggs, the doomed man rose eagerly to greet sisters of mercy, Rose and Genevieve, who had been waiting to visit him. Marx was permitted to enter the prison chapel with Vandine and together with the sisters, the bandits prayed for an hour. Marx breakfasted at 6:15. His meal consisted of jellies like those given to the other men.

MRS. L. WALCOTT KILLS HERSELF

Suicide Near the Village of Hanover Friday.

Woman Said to Have Been Driven from Home Hanged Herself—Body Found by Daughter.

Hanover, O., April 22.—Mrs. Jane Walcott, wife of Louis Walcott, committed suicide by hanging herself this morning at her home about five miles northeast of this Licking county village.

The body was found in the barn by her daughter, Miss Malinda, who cut the strap and then hurried to the home of a neighbor to give the alarm.

News of the suicide reached Newark at 12:30 p. m., and in thirty minutes James Mills' automobile driven by Mr. Mills carried Coroner C. F. Legge and an Advocate reporter to the scene of the tragedy. The auto left the square at Newark about 1 o'clock and in 23 minutes reached Hanover. The trip from this village to the Walcott home was slower as the roads were in poor condition.

Mrs. Walcott arose at the usual time this morning and soon her husband left for Frazesburg for a load of coal. Mrs. Walcott remarked to her daughter that she "could no longer stand the disgrace," but little was thought of the remark, and Mrs. Walcott went into another room to write a letter. Later she was unable to find her mother and in searching for her went to the barn where she found her hanging dead. Mrs. Walcott had used a 3-4 inch rope. It seems that Mr. Walcott drove the two women away from home last week and they came to Newark and remained with Mrs. Walcott's daughter, Mrs. Elizabeth Moran of Cedar street, until Wednesday of this week, when they returned home. It is said that Walcott had been drinking.

The deceased leaves five children: Thomas who lives east of Hanover, Elizabeth Moran of Newark, Isaac or Al. Vernon, Miss Malinda and Charles a Pan Handle conductor of Columbus.

The Advocate reporter phoned the foregoing to the Advocate at 2:45 p. m. from Hanover, eight miles distant, and 23 minutes later Mr. Mills also landed him at the Advocate office door.

STRIKE

OF 150 POTTERY WORKERS AT CROOKSVILLE.

Nearly All the Skilled Labor of the Town is Now Out on a Strike.

Crooksville, April 22.—Because one man wanted his wages raised 50 cents per day, and the company he was employed by would not give it to him, in addition to nearly \$100 back pay which he claims he was entitled to, because he was working under protest at the old schedule, 150 employees of the Crooksville China Company at Crooksville, went out on strike in sympathy with the dissatisfied worker, Myrier Porter.

National President Duffey, of East Liverpool, has been telegraphed concerning the matter and will use his best efforts in straightening out the difficulties.

At the present time there are nearly 600 men out of employment in Crooksville. Over 400 miners are not working, waiting for the wage scale for this district to be settled, and the remainder is made up of the potters, among whom are a number of women.

OATH

Was Declared a Sacred Secret

CANNON WOULD NOT TELL MORMON OBLIGATION

But Witness Testified to Many Polygamous Marriages.

TESTIMONY—DRAGGED FROM HIM

Under Protest That He Be Protected From Any Peril or Liability to Prosecution.

Washington, April 22.—The feature of the day's hearing in the Smoot case before the Senate committee on privileges and elections with the testimony of Angus M. Cannon.

The testimony was of a personal character, dealing with the conviction of the witness on charges of polygamous cohabitation, and was dragged from him under protest that he be protected from any peril or liability to prosecution for what he revealed.

When assured that his plural marriages under the statute of limitations could not be used as evidence against him he answered most of the questions asked him.

The same frankness was not apparent, however, when the witness was pressed to reveal the nature of the oath he had taken in the endowment house.

Like other witnesses, he declared that the sacredness of that oath prevented him from proclaiming it to the world.

His testimony was no less sensational than that given by President Smith early in the investigation.

He answered all questions of a personal character, but every admission was made reluctantly and replies to questions in regard to his numerous marriages were as near monosyllabic as it was possible to make them.

At the afternoon session Angus M. Cannon was called to the stand. He said he has lived in Salt Lake since 1849, but had been blessed in the Mormon church when he was five years old.

He is 70 years old and now holds the position of patriarch in the Mormon church, having been designated for that position by President Joseph F. Smith about two weeks ago.

Patriarchs, the witness said, rank next to the twelve apostles in dignity. Mr. Cannon said that for 28 years he had been president of the Salt Lake stake of Zion.

The sensation of the hearing occurred when Mr. Taylor examined Mr. Cannon in regard to his various marriages. Mr. Taylor asked the witness when he was first married and he replied "on July 18, 1858."

"To whom?"

"Sarah M. Mousley."

"Who next?"

Mr. Cannon stood up, and his voice shook with great emotion as he said: "I beg an opportunity to explain and to ask a question of the chairman before I proceed. Nineteen years ago I was brought into great trouble. I was prosecuted and sent to prison because I acknowledged the mothers of my children as my families. I was given the opportunity of deserting my families or going to prison. I went to prison."

"The press of the country has caricatured President Smith for the testimony he gave in regard to plural families, and if I am asked to make similar exhibitions of my family, I appeal for protection from any consequences that may be the result of the testimony. I will answer all questions in regard to myself or the church if I am assured that I will not be placed in peril by reason of that testimony."

Mr. Taylor objected that he did not desire answers to any questions which related to marriages that were not fully exempted from prosecution under the statute.

LOVE AFFAIRS LEAKED OUT

Quite a Flurry Caused at Mt. Holly, N. J.

It Seems Everybody Knew Everybody's Else Business—A Postoffice Clerk Finally Discharged.

Mt. Holly, N. J., April 22.—The hearts of the fair daughters of Mt. Holly are in a flutter of excitement over the result of the investigations of charges of opening letters brought against Miss Maud Robertson, a clerk in the postoffice.

For several months the affairs of lovers became common property, wives have received letters written by their husbands to other women, engagements of marriage were prematurely known, and everybody's business seemed to be known by everybody else.

None at first suspected the source of the leaks until the engagement of Rev. J. H. Dunkin, pastor of the Presbyterian church, became generally known. Miss Wiley addressed a congratulatory letter to the clergyman, and the source of her information could not be definitely traced. The clergyman says this could have come only from letters written by him to his fiancée or from her to him. Since the information of his engagement leaked out a formal announcement has been made.

The clergyman was invited by mail to attend a candy-pulling. He knew nothing of it until at church the following Sunday when he was chided for failing to help pull taffy. Then Mr. Dunkin knew some one was tampering with his mail.

Complaint was made at Washington and Postal Inspectors Store and Malone were sent to make an investigation. They suspected that Miss Robertson had opened letters and began taking affidavits. As a result Postmaster Cowperthwait was instructed to remove Miss Robertson.

Jeremiah H. Smith says he wrote letters to two estimable young women neither of whom knew he was keeping company with the other. He was positive he put the right letter in the right envelope, but when the letters arrived at their destination they had been exchanged from one envelope to another. In concluding his affidavit he says:

"All of which caused the deponent much discomfort."

Miss Gertrude Andrews, who teaches school at Maple Shade, occasionally receives candy by mail. She declares this has often been opened and choice pieces extracted.

SISTER FOUND

BY BROTHER WHO LIVES IN MELBOURNE, AUSTRALIA.

She Read of His Request to Find Her in the Newspapers of Her Town.

Zanesville, April 22.—Through the efforts of the police, John Brennan Doody of Melbourne, Australia, who wrote the local authorities several days ago, to ask them to help locate his sister, Mrs. Henry Joseph Burns, has succeeded in his object.

Mrs. Burns resides on Moxabala avenue and read of her brother's request in the newspapers. She had written several letters which had evidently miscarried. Communication between the brother and sister has once again been resumed.

MINERS

LEADER CLUBBED BY TROOPS AT DENVER.

President Moyer Struck an Officer of Colorado Guard When Ordered to Stand Back.

Denver, Colo., April 22.—President Charles H. Moyer of the Western Federation of Miners who arrived in Denver in custody of state troops after several weeks' incarceration at Telluride where martial law is in force in consequence of labor troubles, was taken before the state supreme court yesterday.

day afternoon under the writ of habeas corpus which had been issued in his case.

The court heard arguments on a motion of the petitioner to be admitted to bail pending a decision on the question of the court's jurisdiction and took the matter under advisement.

Mr. Moyer was then removed to the hotel in custody of the military.

Defying the detachment of cavalry which brought Moyer to appear before the supreme court, W. D. Heywood, secretary treasurer of the federation, attempted to hold a conversation with the prisoner, while he was being taken from the train at the union depot.

Ordered to stand back by Captain Buckley Wells, commanding the guard, he struck the officer in the face. In a second he was surrounded by a cordon of angry troopers who struck at him with the butts of their carbines and beat him with six shooters.

That he was not killed by the excited soldiers is due to the action of Lieutenant Gibbons who struck up the muzzle of a gun aimed at Heywood and rescued him from his position between two cars where the guardsmen had him cornered.

Placed under arrest he was put in the middle of a hollow square of militiamen and marched to the Oxford hotel, near the depot. Here he again showed fight and was beaten into submission.

His injuries consist of a deep cut on the left side of the head and one on the right side of his head, which almost severed the lower lobe of his right ear.

SPECIAL MESSAGE TO LEGISLATURE

Governor Urges Passage of a School Code.

Saying It May be Necessary to Call a Special Session Unless Code is Now Passed.

Columbus, April 22.—Governor Herrick this morning sent a special message to the legislature urging the enactment of some sort of a school code. He says it may be necessary to call an extra session unless this shall be done. The message is taken as an effort to force an agreement of the two houses which have been apparently hopelessly divided on the school code. No particular brand of code is recommended by the governor.

FRANK ROSE HANGED

Salt Lake, Utah, April 22.—Frank Rose, the wife murderer, was executed this morning. Rose confessed to ten other murders. Rose declared he had passed the last 14 years in committing successive crimes, varying from robbery to murder. Robbery was his first crime, according to his story. From that he launched into murders of every description.

MRS. VAN DINE

Was Allowed to See Her Son During the Night at Chicago Upon the Governor's Order.

Springfield, Ill., April 22.—Mrs. Vandine was on the point of departing for Pittsfield to see Governor Yates when she changed her mind, fearing that if she went to Pittsfield and was not successful in her plea for clemency she would not arrive in Chicago in time to bid her son good-by. She accordingly sent Governor Yates a telegram to that effect and asked for a respite of a few hours at least be granted, in order that she could bid him farewell. She then left for Chicago at noon. Governor Yates telegraphed Sheriff Barrett of Cook county, to allow Mrs. Vandine to see her son last night, no matter how late she might arrive at the jail. Mrs. Vandine received a copy of this message when her train arrived at Joliet.

WILL NOT APPOINT M. D. RATCHFORD

Columbus, April 22.—It was semi-officially stated today that M. D. Ratchford will not be reappointed state labor commissioner. His term expires Monday and Governor Herrick will send the name of a new man to the senate according to the present program.

MANY

In Overcrowded Boats are Drowned

RUSSIANS FLEEING NORTH ACROSS RIVER

Port Arthur is Blockaded by Admiral Togo.

DESTRUCTION OF BATTLESHIP

Now Known to Have Been Due to Mine as Reported by Togo—Day's New From Far East.

London, April 22.—A correspondent of the Times cabling from Nuchwang says that a messenger has arrived there from the Yalu river with the information that the Russians are fleeing north across the river in overcrowded boats and are losing hundreds by drowning.

TOGO'S CLAIM ADMITTED.

St. Petersburg, April 22.—All doubt as to the cause of the destruction of the battleship Petropavlovsk and the damage to the battleship Pobieda at Port Arthur is dissipated by the report submitted by telegram to the Emperor April 21. In it Viceroy Alexieff stated in a way that leaves no longer an open question that mines were responsible for the disaster. The admission of the presence of Japanese ships off Port Arthur on the night preceding the going out of the Russian ships, which were watched by Admiral Makaroff, tends to establish Vice Admiral Togo's claim that his ships laid mines off which the Russian battleships struck.

The Russian officials also fail to understand the surprising blunder caused by the mistake of the Russian torpedo boat destroyers in taking the Japanese torpedo boats for a Russian flotilla, which resulted in the loss of the Strashni.

INSTEAD OF HANGED.

Harbin, Manchuria, April 22.—The two officers of the general staff, a colonel and a captain, who were arrested by the railroad guard 18 miles from this place on April 16, were found guilty by a court martial and sentenced to be hanged. The officers listened quietly to the sentence of the court, but subsequently asked that their lives be spared. General Kuropatkin confirmed the findings of the court but taking into consideration the fact that the accused were soldiers, he ordered that they be shot instead of hanged.

The sittings of the court martial attracted a large attendance including many ladies. The sentence has not yet been executed.

JAPS NOW EMBARKING.

London, April 22.—The correspondent of the Standard at Tientsin says that Japanese troops are now embarking from Korea and possibly are being reinforced by the forces on the Yalu river, from which the Russians have practically withdrawn.

PORT ARTHUR BLOCKADED.

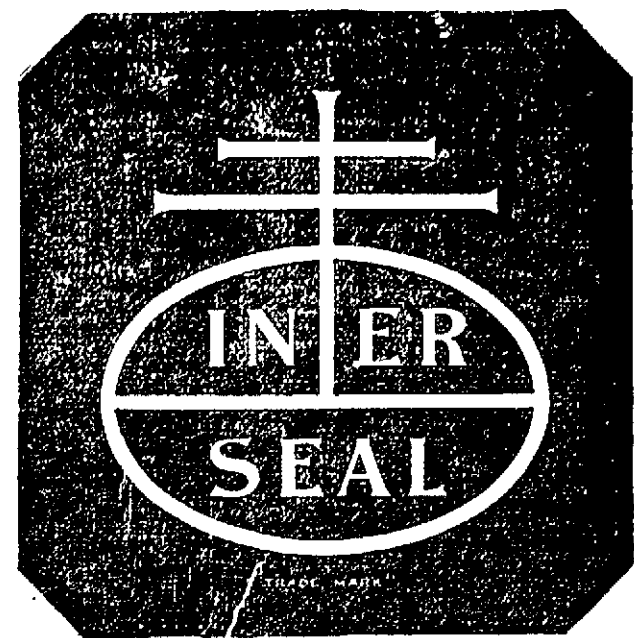

London, April 22.—The Tokio correspondent of the Telegraph says that Port Arthur is undoubtedly effectually blockaded, and that events are culminating around the doomed fortress.

THE COST TO RUSSIA.

St. Petersburg, April 22.—Russia has made a new issue of \$15,000,000 in paper currency against free gold in the state bank. At the ministry of finance it was explained that it was an ordinary issue, and in no sense was forced. All sorts of figures of the cost of war are printed abroad. The correspondent is authoritatively informed that the daily expenses are averaging \$750,000, and it is estimated that a year's expenditures for the war will total \$250,000,000.

To meet this there existed a free balance of \$50,000,000, which was increased to \$115,000,000 by reductions of the ordinary budgets, leaving ostensibly \$105,000,000 to be found.

The Lima Locomotive and Machine works, sole makers of the Shay type of locomotive in this country, will send to the St. Louis world's fair an exact reproduction in miniature of a Shay engine. The company has shipped these locomotives all over the world and for the past year has allowed their expert, James H. Camped, to devote his time to making the miniature model. The model is but 37 inches in length, 19 inches high, and weighs but a few pounds. The little tender is stocked with coal and all ready for work on the rail.

Will Change Signal Colors.

By order of General Manager W. W. Atterbury the division superintendents of the Pennsylvania railroad are sending out notices that at 7 o'clock Sunday morning, May 1, or as soon thereafter as possible the signal arms over the whole system will be painted yellow and black instead of red and white or green and white. This will make the signals conform to those of the Pennsylvania lines west, and is done also so that the effect of the green signal arm will not be lost in foliage or along embankments which are sodded.

Interesting Utica Budget.

Utica, O., April 22.—The new glass factory now in full operation has put new life into Utica. There is a great demand for houses and this demand is to be met as far as possible. A number of dwellings are now in the course of construction.

Kirkpatrick's brick factory began operations Tuesday. The clay that is abundant under the field is declared to be of as fine quality as is found anywhere. The sand for use in the molds is procured from Clay Lick.

The machinery is to be run during the forenoons and clay will be put to temper in the afternoons. The output of the machinery now installed will be about 40,000 brick per week. There is practically no competition for the Utica factory, as here is no plant nearer than Dresden or Zanesville that makes for more than the local demand of its own town.

Editor W. R. Alspach and bride are this week removing their household effects to their new home in the north end of Newark.

TETTER

Eczema, Psoriasis, Itching Piles

Thousands of people suffering from the terrible tortures of these diseases imagine they have some impurity in the blood, when, as a matter of fact, the blood has no more to do with this class of ailments than the eyebrows.

Skin Diseases

are wholly confined to the epidermis or external skin, and between the inner and external skins there are no blood vessels, hence the disease cannot come from the blood. Barrels of blood medicines can have no effect on these skin eruptions, for such medicines cannot reach the seat of the trouble. This class of diseases is caused by a germ or parasite which burrows into the external skin, there it lives, thrives and multiplies, and the inflammation they set up causes the awful itching and burning sensations.

The D. D. D. Remedy

is a liquid preparation applied externally—non-greasy—that penetrates the pores of the skin, destroys the germs or parasites and clears the disease entirely out of the skin, leaving a smooth, soft and healthy covering for the body.

"I have long been a sufferer from what the doctors called Eczema. I suffered from it terribly. It was all over my shoulders and arms, and from my knees to my feet. My arms and legs were red and swollen to twice their normal size. I was taken to the hospital and remained there for five months under the constant care and treatment of physicians. They gave me no relief. Somebody recommended the D. D. D. Remedy. I purchased a bottle and applied it. The second application took out the redness and stopped the itching and burning so I could sleep. The Eczema is entirely cured on my arms, and my legs are almost well. I recommend the Remedy to any one suffering from Eczema. I am 78 years of age."
H. E. MEYER, Burlington, Iowa.

"For the last seven years I have had Eczema on my hands, and it seemed impossible to cure them. They would almost drive me frantic at times, and I tried every remedy I could hear of. Physicians were unable to give me any relief, and I had given up in despair when I was induced to try a bottle of D. D. D. The first application gave me relief and started my hands to healing, and after using one and a half bottles, I feel that I am entirely cured. I make this statement so that it may induce other sufferers to find relief in the D. D. D."

The decisions of Judge Parker against trusts antedate that of the United States court. This is causing no little concern and confusion among those Republican newspapers that have been making so much bluster about Roosevelt being the original and only trust-buster.

The resignation of Admiral Alexieff ought to give satisfaction not only in Russia, but throughout the civilized world generally. Alexieff has been widely credited with having been responsible for the bringing on of the war between Russia and Japan, and also with being the chief cause of the disasters which have overtaken the Russian fleet. Should he be retired from Manchuria it would not be strange if his going should prove the first step toward peace, although there must be some more fighting before real peace propositions can be considered.

The testimony of Brigham H. Roberts before the Senate committee investigating the charges against Senator Smoot shows the character of the oaths which are said to be necessary for a Mormon official to take in order to have the support of the church for political purposes. It was shown by Mr. Roberts' testimony that without the consent of the Mormon church he failed of election to a seat in Congress, while later, with church recognition of his candidacy, he was elected. In relation to the "endowment house" obligation Mr. Roberts was extremely reticent. He said that the sacredness of the ceremony was such that he could not reveal it to the world, and that if he did so he would lose caste with the church as having betrayed a trust. In other words his allegiance to the Mormon church is more binding than that to the government. This is convincing proof that the House of Representatives made no mistake when it expelled Roberts from its membership. The Senate should do the same with Smoot, and it would have freed him long ago had he been a Democrat instead of a Republican.

The Democratic minority of the banking and currency committee report adversely to some sections of the Hill bill "to improve currency conditions," and especially to the recoinage of the silver dollars into subsidiary coins, which are deprived of their legal tender quality. What is the need

of changing the conditions and currency qualities of the silver dollars outstanding? There is no complaint of them whatever. Even the "fifty-cent dollar" humbug has lost its force. The bill, if it becomes a law, would certainly create conditions of a confusing character by changing the silver dollars, which are full legal tender, into subsidiary currency, which are only a limited legal tender to the extent of ten dollars. What good will result further than to create confusion in what is now a simple question? There is plenty of silver bullion in the country to meet the demand for additional subsidiary currency, without withdrawing the standard silver dollars from circulation. They are not inconvenient to the people, but on the contrary a great aid to their currency wants.

Judge Parker's Regularity.

The only fault that the Chicago Chronicle can find against Judge Parker is his "regularity" as a Democrat. The Chronicle says: "As a matter of fact, the only thing thus far urged against Judge Parker that has been worthy of notice is the fact admitted by himself that he twice voted for Bryan for the presidency of the United States." But it is Judge Parker's regularity in always voting his ticket straight that commends him to the several million consistent Democrats who do the same thing.

CHALLENGE FROM F. D. HALL

IN MEMORIAM.

Whereas, it has pleased Almighty God, who doeth all things well, to remove from us our beloved brother and friend, William H. Brown, and

Whereas, he was a true and loyal Odd Fellow, whose punctual attendance at our meetings will be missed. His virtues will ever be remembered by us for he was ever ready to lend a helping hand to a brother and by example show him that he was a true brother and friend. He made the mission of humanity his duty, and if he failed to do all things in strict conformity to the rule, yet us cast around our brother the broad mantle of charity, for the wisest of created men did most grievously err.

Therefore, let us bow in humble submission to the will of Almighty God, in whose loving care we leave our brother and friend. Therefore, be it Resolved, That the lodge room be draped in mourning for 30 days.

That we thank Brookfield lodge, No. 161, I. O. O. F., of Brookfield, Mo., for their care and attention to our brother during his sickness.

Fredericktown, O., April 22.—A real estate deal of considerable importance to Fredericktown citizens has just been made here, whereby the J. B. Foote Foundry company purchased of S. Zent forty-five acres of land lying in the northwest part of the town, west of Grant street, the consideration being \$8,000. The addition has been laid off into town lots and a large number of business men and citizens have each purchased one, yet there are more to be sold. If the plans go

through as the company has made them it will be of vast benefit to Fredericktown. If all the lots are sold the company will remain here. It is a splendid chance for persons wanting to build or to invest for profit. The opening up of this part of town will give the proposed electric line better access to the village and will greatly enhance the value of the new addition. LETTER

FROM REV. DANIEL SHEPARDSON, THE EVANGELIST.

Held Special Meetings in Lincoln, Neb Visited Hon W. J. Bryan at His Beautiful Home.

The Advocate has received the following letter from Rev. Daniel Shepardson, the "Wheel Chair Evangelist," formerly of Newark and Granville, which will be read with interest by many friends both in Granville and Newark. The letter is written from Waterloo, Iowa, and follows:

We have been holding special meetings in Lincoln, Nebraska, in the First Baptist church. Mrs. Charles Allen, sister of Hon. W. J. Bryan, and Mrs. Charles Bryan, wife of the brother of W. J. Bryan, members of this church, were constant attendants at our meetings. Through them we became quite well acquainted with the Bryan family, and found them to be very fine people, indeed. Through the courtesy of Mrs. Allen, Mr. Bryan's sister, we received an invitation to visit Mr. W. J. Bryan in his beautiful country residence, "Fairview." Mrs. Allen took us out there in her carriage and Mrs. Shepardson and I spent an hour in the delightful company of William Jennings, who showed us through his home, entertained us most charmingly with anecdotes and the many souvenirs of his two presidential campaigns, and of his recent trip through the Old World, and at the close of our visit presented us with an autograph picture of his home, "Fairview." We found Mr. Bryan to be a large-hearted, truly Christian gentleman, honored and loved even by those who bitterly opposed him in politics. Everybody seemed to have only good words to say of him personally. On Saturday evening, April 9th, Mr. Bryan did me the honor to attend my stereoscopic lecture, "New York to California and Alaska in a Wheel Chair," and came down in front at the close to congratulate me upon it, and to speak of his pleasure in attending it. Though I am, as you know, a rock-ribbed Republican, I could not but recognize a fine type of manhood in W. J. Bryan.

Yours very cordially,

DANIEL SHEPARDSON.

Twelve innings pitched against the hard hitting New York American League team, and only three hits allowed is "Rube" Waddell's great record Thursday. The Athletics won 2 to 2.

a Million Women is

STERILITY

How shall a mother who is weak and sick with some female trouble bear healthy children?
How anxious women ought to be to give their children the blessing of a good constitution!
Many women long for a child to bless their home, but because of some debility or displacement of the female organs, they are barren.

Preparation for healthy maternity is accomplished by **Lydia E. Pinkham's Vegetable Compound** more successfully than by any other medicine, because it gives tone and strength to the parts, curing all displacements and inflammation.

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her write to Mrs. Pinkham, Lynn, Mass., whose advice is given free to all expectant or would-be mothers. The medicine that instantly asserts its curative powers in the ills of women is

Lydia E. Pinkham's Vegetable Compound

Read these Two Remarkable Cures.

"DEAR MRS. PINKHAM:—During the early part of my married life I was very delicate in health. I had two miscarriages, and both my husband and I felt very badly as we were anxious to have children. A neighbor who had been using **Lydia E. Pinkham's Vegetable Compound** advised me to try it, and I decided to do so. I soon felt that my appetite was increasing, the headaches gradually decreased and finally disappeared, and my general health improved. I felt as if new blood coursed through my veins, the sluggish tired feeling disappeared, and I became strong and well.

"Within a year after I became the mother of a strong healthy child, the joy of our home. You certainly have a splendid remedy, and I wish every mother knew of it. Sincerely yours, Mrs. ANNA PORTS, 510 Park Ave., Hot Springs, Ark."

"DEAR MRS. PINKHAM:—I was married for five years, and gave birth to two premature children. After that I took **Lydia E. Pinkham's Vegetable Compound**, and it changed me from a weak, nervous woman to a strong, happy and healthy wife within seven months. Within two years a lovely little girl was born, which is the pride and joy of our household. If every woman who is cured feels as grateful and happy as I do, you must have a host of friends, for every day I bless you for the light, health and happiness your Vegetable Compound has brought to my home. Sincerely your friend, Mrs. MAB P. WHARRY, Flat 31, The Norman, Milwaukee, Wis." Sec. Northshore Oratorical Society.

NOBODY

WANTED NOMINATION SO NONE WAS MADE.

Nominees to be Selected Later—Dr. Watkins Defeated for Delegate. The Convention

The Republican Congressional convention met at 11 o'clock in the Probate court room for the purpose of temporary organization.

The district committee had called the convention to meet in the convention room of the Court House, probably losing sight of the fact that this room was now used as a Common Pleas court room, during the time the upstairs room is undergoing repairs. When the delegates arrived court was in session, so that a delay was caused, and it was an hour later than that specified in the call when the convention met.

This district is composed of five counties, Tuscarawas, Wayne, Holmes, Coshocton and Licking and each had a full delegation present.

The various delegations met at the Warden and organized and talked over plans for the convention.

The convention met at 11 o'clock and was called to order by J. L. McIlvaine, chairman of the district committee who announced that the temporary organization would be W. B. Stevens, Tuscarawas, chairman; C. R. White, Holmes, secretary.

Mr. Stevens made a short speech, and then asked for a roll call of counties for the appointment of committees on rules and order of business, resolutions and permanent organization.

Mr. Walters of Tuscarawas, moved that the committee on permanent organization be dispensed with, and the temporary organization be made permanent. This motion was unanimously carried.

The following committees were then appointed:
Resolutions—E. L. Lybarger, Coshocton; John Huston, Jr., Holmes; Carl Norpel, Licking; J. T. Dodd, Tuscarawas; M. L. Smyser, Wayne.
Aules and Order of Business—J. F. Neek, Coshocton; T. R. White, Holmes; Arthur Wyeth, Licking; E. L. Sowers, Tuscarawas; L. D. Cornell, Wayne.

A resolution was adopted to take a recess for fifteen minutes to allow the committees to make up their reports.

At 11:50 the convention reassembled and the committee on resolutions reported, instructing the delegates to be nominated to vote for President Roosevelt's re-nomination, endorsing Senators Foraker and Dick and Governor Herrick. The report was unanimously adopted.

The rules and order of business committee reported and the convention proceeded to nominate candidates for delegates to the National convention at Chicago.

Mr. Lake of Licking moved to suspend the rules and nominate Dr. C. D.

Watkins of Licking and M. L. Smyser of Wayne. Mr. McCoy of Coshocton, raised a point of order contending that Mr. Lake's motion conflicted with the rules as laid down in the report of the committee. Mr. McCoy's point was sustained, and he in behalf of Coshocton county presented the name of Seth M. Snyder, Licking, presented Dr. C. D. Watkins, and Wayne M. L. Smyser, the other two counties answering "no candidate" when called.

The rules provided that each of the two delegates be elected on separate ballots. The first ballot resulted as follows:

	Watkins.	Snyder.	Smyser.
Coshocton	2	9	
Holmes	1	4	
Licking	18		
Tuscarawas	20		
Wayne	6	6	

Total ... 26 35 4
The convention had 66 votes, 34 being necessary to a choice, so Mr. Snyder was declared elected one of the delegates.

The second ballot resulted as follows:

	Watkins.	Snyder.	Smyser.
Coshocton	2	9	
Holmes	1	4	
Licking	18		
Tuscarawas	20		
Wayne	6	6	

Total ... 26 35 4

Judge Smyser was declared elected the second ballot.
H. B. Burkleit of Wayne and J. J. Rose of Coshocton were elected alternates.

For Presidential Elector A. H. Rickert was nominated by Licking county, and J. L. McIlvaine by Tuscarawas. The vote stood Rickert 29, McIlvaine 37.

On motion of Mr. McCoy the convention adjourned to meet in New Philadelphia at a time to be selected by the chairman and secretary for the purpose of nominating a candidate for congress.

Col. M. M. Gillett's name was not presented, as he had telegraphed on Thursday to Captain W. A. Lovett asking that his name should not be presented and declaring for Dr. C. D. Watkins.

CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and irritate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health. If you have a chronic sore write us. No charge for medical advice.

NEWARK

CAMP GROUND IS INADEQUATE, SAYS CRITCHFIELD.

Athens County Land is in Favor—Inspection of the Land to be Made in Few Days.

Columbus, O., April 22—Adjutant General Critchfield will go to Athens county next week to inspect the 3,500 acre tract of land, the use of which the Sunday Creek and New Pittsburgh Coal companies have offered the state as a maneuver ground for the National Guard.

General Dick is enthusiastically in favor of embracing the proposition if the ground is found suitable. Should it meet the approval of Critchfield, the annual encampment will be held there this year.

"The Newark grounds are wholly inadequate for the needs of the Guard" said General Critchfield yesterday. "There is less than 100 acres and the best we can do is exercise close formations that are most unsatisfactory."

"Down in Athens county we may station two brigades six miles apart and have ample room and opportunity to exercise a wider range of military tactics than has ever been attempted. Under the direction of General Minor the experience would be of incalculable benefit."

The statement made by Adjutant General Critchfield will create not only disappointment but much surprise in Newark. During last year's division encampment in Newark, all the officers from Governor Nash and General Dick down to the men of lower rank, were very enthusiastic in their praise of the Newark ground, and they all said it was the finest camp ground in the state. The state rented an additional tract of land adjoining the camp ground proper and had ample room for all the desired maneuvers. The state has gone to considerable expense in establishing a water system, light plant etc., at Newark and now it seems, the ground is to be sidetracked for another site at least this year.

Instead of there being less than 100 acres, as Adjutant General Critchfield says, the original donation to the state by Licking county consisted of 129 acres. And the state has always been able to rent sufficient adjacent lands for extensive maneuvers whenever desired at a mere nominal expense.

OATH

(Continued from Page One.)
der the statute of limitation and on that statement the chairman directed that the question concerning the second marriage of Mr. Cannon should be answered.

The official reporter then read the question.

"To whom were you next married?"

"Anna Amanda Mousely."

"When were you married to her?"

asked Mr. Taylor.

"At the same hour that I was married to Sarah Maria Mousely."

"By the same ceremony?"

"Yes."

"To whom were you next married?"

Mr. Cannon answered: "Mrs. Clara C. Mason, in 1875," also saying he was married to Martha Hughes in 1884, Maria Bannion in 1886, Johanna C. Donnellson in 1886, and that he had not been married since that time.

All his wives are living.

The witness was asked if he remembered a prosecution against him in 1886 for cohabitation with Mattie Hughes Cannon, and he answered that he remembered the prosecution, but did not remember which wife he was charged with cohabitating with.

WAS CONDUCTOR LUCIUS SULLIVAN OF THIS CITY

By Falling Under the Wheels of a Baltimore & Ohio Freight Train This Afternoon.

Lucius Sullivan, one of the oldest and best known conductors on the Baltimore and Ohio railroad, met with a horrible death on Friday afternoon at Lamar, a small station 88 miles east of Newark. He was doing some work on his caboose when he fell off, the wheels passing over his head and instantly killing him. The remains will be brought here on train No. 47 this evening and taken to McGougle's undertaking establishment, where they will be prepared for interment.

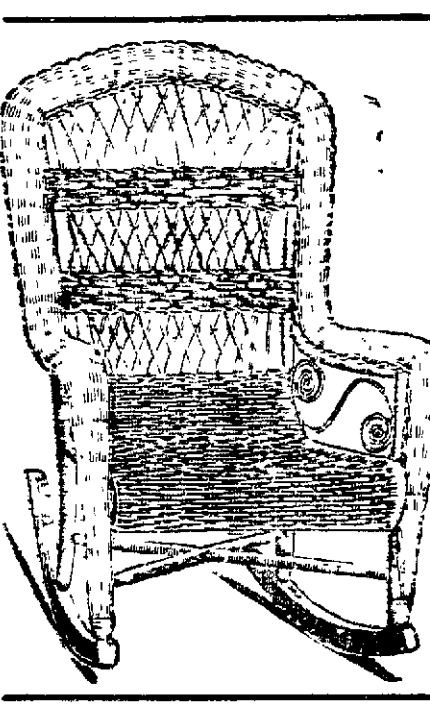

The deceased leaves a widow and two children, who reside on German street, this city. The deceased was aged about 34 years, and was a man who was held in high esteem by all who knew him. He was a prominent member of the Knights of Columbus, the B of R. T., the A. O. U. W. and other secret societies. At this writing no arrangements have been made for the funeral.
